Today is our last day, after breakfast we paddle to an awesome rapid. Yes it's awesome but we won't run it because its baby Victoria Falls. This is the Moemba Falls and we will portage it. We will have our last lunch just after portaging and we check out through hiking out of the Batoka gorge. Don't worry this time it's not steep and the entrance

We will drive back in our "naturally air-conditioned vehicle" while we view the magnificent environment of the Mukuni area
